SUMMARY

I am a highly skilled front-end and back-end developer with experience in building visually stunning and user-friendly web applications.
Proficient in TypeScript, JavaScript, python, MySQL and well-versed in popular frameworks such as React JS, Next JS, Material UI and popular CSS
libraries. I am passionate about creating clean and efficient code, and implementing modern design principles to deliver intuitive user experiences. With my technical expertise, I am able to create highly performative and elegant solutions that are easy to maintain and scale. I am always eager to learn new technologies and improve my skills
